- **Programming:** Java, Python, JavaScript
- **Mobile Development:** Flutter, React Native
- **Web Development:** HTML, CSS, PHP, React, Node.js
- **Databases:** MySQL
- **UI/Design Tools:** Figma, Photoshop
- **Tools/IDEs:** GitHub, VS Code, Android Studio
- **Soft Skills:** Teamwork, Time Management, Communication

Projects

Blood Unity — Blood Donation Management Platform (PHP, MySQL) — Group Project

- Developed a platform connecting donors, recipients, and staff with role-based access.
- Created modules for donor registration, staff management, and emergency request handling.
- Established blood stock monitoring with search and filter functionalities.

Admin Dashboard Web Application (HTML, CSS, JavaScript)

- Crafted an interactive dashboard to manage staff, donors, and blood stock operations.
- Constructed multi-page navigation with CRUD operations and responsive layouts.
- Refined front-end skills through modular design and dynamic JavaScript scripting.

Portfolio Website (React, Tailwind CSS)

- Built a responsive personal portfolio to showcase projects and skills.
- Integrated animations, reusable components, and interactive navigation.
- Linked GitHub and project URLs for enhanced recruiter visibility.

New Digital Marketplace (React Native, Node.js, MySQL) — Group Project/Ongoing

- Implemented a full-stack marketplace app with product listings, user management, and transactions.
- Deployed role-based access for entrepreneurs, investors, and customers.
- Developed frontend with React Native and backend APIs with Node.js for CRUD operations.
- Created shopping cart functionality with product filtering and checkout features.

Research Conference Management System (HTML, CSS)

- Prepared a responsive interface to manage conference schedules, speakers, and participants.
- Enhanced UI/UX for easy navigation and fast access to information.
- Ensured cross-device compatibility for organizers and attendees.

Certifications

- Diploma in Human Resource Management — 2023
- Diploma in English — 2023
- Certificate in Graphic Design — 2022
- Certificate in Computer Science — 2022
